

I would like to comment on the proposed new broadcast service called LPFM. I don't know much about it, but I know if it means that my K-LOVE station will be cancelled, then I'm VERY, VERY against it!!! My family & I don't listen to any other radio station! K-Love really provides an alternative to "regular" radio stations for my whole family. K-LOVE supports local Christian concerts & provides a "cool" outlet for my kids' music needs. If K-LOVE were cancelled, our community would suffer because K-LOVE wouldn't be there to support our local Contemporary Christian functions. It would also leave my family (& lots & lots of other families) with no contemporary Christian radio station to listen to. I believe our country, as well as, our kids & families NEED K-LOVE & other radio stations like them. God & His message is very important to bringing our kids in this country "up" correctly. Please don't take away our K-LOVE! We really will be lost without it. What will we listen to if K-LOVE isn't there?! Thanks for listening.
